Antibiotic injection of the breeders, Incidence of caseous exudate in the air sacs of cull chicks and the embryos of pipped eggs following (Olson and Boothe) Abstract 542
Antibiotics and furazolidone, The toxicity of, for chicken embryos (Gentry) 77
Antibiotics, The effect of, on the infectious sinusitis agent of turkeys. Part I. Egg transmission (Osburn and Pomeroy) 180
Ascaridia galli, Effects of, on chicks with infectious bronchitis (Reid, Pate and Kleckner) 100
Aspergillus meningo-encephalitis in turkeys and ducks, Case report (Hubben) 111
Avian hepatitis, Clinical evidence suggesting the possibility of egg transmission of (Narotsky and Taylor) Case report. 541
Avian infectious hepatitis. I. clinical and pathological manifestations (Sevoian, Winterfield and Goldman) 3
Avian infectious hepatitis. II. Some characteristics of the etiologic agent. Effect of various drugs on the course of the disease (Winterfield, Sevoian and Goldman) 19
Avian viruses, Physical-chemical treatment of inocula as a means of separating and identifying (Quiroz and Hanson) 95
Blood tests, chicken, Further studies of, and their application (Fredrickson and Chute) 241
Chronic respiratory disease in chickens, Studies on the effect of dihydro-streptomycin propylene-glycol spray on (Perek and Perk) 269
Dihydrostreptomycin, The acute toxicity of procaine penicillin G and of, in the pigeon and the chicken (Gray and Purmalis) 187
Encephalomyelitis, avian, Immunization for the control of (Schaaf) 279
Estradiolcylopentylproprionate, The effect of, on the blood cells of chickens (Diesem, Bletner and Venzke) 63
Flora, Respiratory and diseases of antarctic birds (Sieburth) 402
Fungous infections in chickens. Experimental (Chute and O'Meara) 154
Furazolidone as a prophylactic agent against turkey ornithosis, The ineffectiveness of, Research note (Davis, Watkins and Delaplane) 118
Furazolidone, certain antibiotics and, The toxicity of, for chicken embryos (Gentry) 77
Furazolidone medication in chickens experimentally infected with *Salmonella pullorum*. (Smyser and VanRoekel) 428
Hatchery sanitation (Wright and Epps) Abstract 539
Hepatitis, Avian infectious (Hofstad, McGehee and Bennett) 358
Hepatitis, Avian vibrionic (Peckham) 348
Hepatitis in chickens, Studies of an agent causing (Moore) 39
Infectious bronchitis, Effects of *Ascaridia galli* on chicks with (Reid, Pate and Kleckner) 100
Infectious bronchitis virus in tissue culture, The propagation and cytopathogenic effect of an egg adapted strain of (Chomiak, Luginbuhl and Jungherr) 456
Infectious laryngotracheitis in chickens, Indirect transmission of (Kingsbury and Jungherr) 54
Infectious laryngotracheitis studies (Dardiri, Yates, Chang and Fry) Abstract 538
Infectious laryngotracheitis virus, The biologic variation of the (Cover and Benton) 375
Infectious sinusitis in turkeys, Transmission and control of (Richey, Barnett, Boone and Morgan) 173

Infectious sinusitis of turkeys, Isolation of the agent of, from naturally infected pheasants Case report (Osborn and Pomeroy) 370
Infectious sinusitis in turkeys, The effect of erythromycin on experimental (Holper, Bower and Sylvester) 290
Infectious sinusitis of turkeys, the effect of antibiotics on the Part I. Egg transmission (Osborn and Pomeroy) 180
Infectious sinusitis of turkeys, The role of pleuropneumonia-like organisms in (Grumbles, Flowers and Cassidy) 336
Infectious synovitis, A further indication of egg transmission of (Snoeyenbos and Basch) 494
Infectious synovitis I Clinical, pathological manifestations (Sevoian, Snoeyenbos, Basch and Reynolds) 499
Infectious synovitis, Control of, XI. The potentiating effect of terephthalic acid on chlortetracycline (Shelton and Olson) 450
Infectious synovitis II. Drug prophylaxis and therapy (Snoeyenbos, Basch and Sevoian) 514
Infectious turkey sinusitis during a natural outbreak, The use of erythromycin in the treatment of (Hamdy, Sanger and Gale) 250
Inspection, poultry, Pathological aspects of, under the poultry products inspection act (DeCamp) 540
Laryngotracheitis in chickens, Studies on a serum neutralization test for the diagnosis of (Hitchner, Shea and White) 258
Laryngotracheitis viruses, The clinical and serological response of chickens to certain (Benton, Cover and Greene) 383
Leucosis, neural, The incidence of as affected by management (Gross and Siegel) Abstract 539
Listeriosis in fowls—a review (Gray) 296
Lymphoma, chicken, (RPL-16), Histological reaction following transplantation of (Moulton and Julian) 123
Newcastle disease vaccines, The serological response and immunity to (Chute, O'Meara and Thomas) Abstract 541
Newcastle disease virus, A tissue culture-modified I. Modification, propagation and characteristics of the tissue culture Newcastle disease virus (Bankowski) 197
Newcastle disease virus, A tissue culture-modified II. Immunogenicity of the live culture-modified Newcastle disease virus in chickens (Bankowski, Corstvet and Fabricant) 227
Newcastle disease virus, A tissue culture-modified III. Comparative study of the immunity induced by the modified Newcastle disease virus crystal violet inactivated vaccines in laying birds (Bankowski, Corstvet and Fabricant) 466
Newcastle disease virus, Antibody response of the Canada goose to the (Page) 365
Newcastle disease virus in nature, Survival of (Boyd and Hanson) 83
Newcastle disease virus, Influence of temperature of incubation of embryonating eggs following inoculation of (Sinha) 138
Ornithosis, turkey, The ineffectiveness of furazolidone as a prophylactic agent against, Research note (Davis, Watkins and Delaplane) 118
Pasteurellosis, Studies on II. Comparative efficiency of killed vaccines against fowl cholera in chickens (Heddleston and Hall) 322
Pathology, The, of the chicken embryo inoculated with certain avian viruses (Casorso and Jungherr) Abstract 542
Pleuropneumonia-like organisms, A direct enumeration of (Domermuth) 147
Pleuropneumonia-like organisms, avian, Lyophilization of (Conrad) 132

Pleuropneumonia-like organisms of avian origin, A reevaluation of the use of media for the isolation of (Fabricant) 409
Pleuropneumonia-like organisms, The role of, in infectious sinusitis of turkeys (Grumbles, Flowers and Cassidy) 336
PPLO, *In vitro* resistance of, to antibacterial agents (Domermuth) 442
PPLO, The use of the serum spot plate test for avian (Hammar, Gingher, Price and Markham) 213
Procaine penicillin G, the acute toxicity of, and of dihydrostreptomycin sulfate in the pigeon and the chicken (Gray and Purmalis) 187
Psittacosis and ornithosis, experimental, in turkeys: Comparison of nine strains (Davis, Watkins and Beasley) 315
Round heart disease—first report in the United States (Levine) Case Report 530
Rous virus neutralizing antibodies and neoplasia, Further observations. I. In farm flocks (Kenzy, Conrad and Fluharty) 167
Salmonella organisms isolated from poultry feed (Boyer, Bruner and Brown) 396
Streptobacillus, A, the cause of tendon sheath infection in turkeys (Boyer, Bruner and Brown) Case Report 418
